

## IMPORTANT 2020 YEAR END TAX INFORMATION

---

### U.S. Government Pass-Through

Most states allow "pass-through" treatment of interest on U.S. government and, in some cases, U.S. government agency obligations for mutual funds meeting certain requirements. This means that a portion of the dividends paid by a fund may not be subject to state income tax.

The following percentages of ordinary income received by shareholders of the funds listed below in 2020 (Form 1099-DIV, Box 1a) may be excludable for state income tax purposes based on pass-through of interest earned on U.S. government obligations (direct and indirect) and certain U.S. government agency obligations. Please check the specific requirements for your state to determine eligibility for this treatment.
