10/16/2023	9/29/2023	9/28/2023	Common Shares	0.024233	0.002942

Effect on Cost Basis

The adjusted tax basis of the shareholder's shares is decreased by the per share return of capital shown above, multiplied by the number of shares of the Fund the shareholder owns. To the extent the amounts identified as return of capital exceeds shareholder's adjusted tax basis in its Fund shares, such excess would be recognized as capital gain from the sale or exchange property.

Shareholders should consult with their tax advisors for more information.
